## How New Railroad Rates Affect the Consumer

A statement regarding the effect of the increase in transportation rates granted by the Interstate Commerce Commission upon prices and cost of living was given out today by W. Jett Lauck, consulting economist for the Railroad labor organizations in their recent case before the Railroad Labor Board. Mr. Lauck's statement was as follows:

What the public ought to know is that there would have been no occasion for such a large advance in railroad rates provided the railroads had been and were now efficiently and economically managed, provided the water was squeezed out of railroad securities, and provided the railroads were not themselves the victims of the profiteers in railway equipment, steel and iron products, lumber, coal, oil, etc., to the extent of four or five hundred million dollars per year, as shown by our investigation. Still, there is no occasion for alarm in the prospect of an addition of a billion and a half dollars to the annual transportation bill of the country, provided this item is not multiplied four or five times before it is presented to the people for payment. For instance, by no possible computation can the increased freight rates be made to justify an increase of one cent per pound in the price of meat to the consumer, or an increase of five cents per pair in the price of shoes or an increase of ten cents in the price of a suit of clothes; or an increase of one-fourth of one cent in the price of a loaf of bread.

However, the survey of basic industries made preliminary to the presentation of the case before the Railroad Labor Board showed that manufacturers, middlemen and speculators invariably doubled, trebled or quadrupled increases in labor and other cost items and passed them on to the public, and it is not unreasonable to assume that they will attempt the same profitable process in dealing with the increase in transportation costs. Hence the public should be informed and the

forces of government should be on guard to see that no unjustifiable burden is imposed on the people as a result of the Interstate Commerce Commission's solution of the financial problem of the railroads.

An added annual charge of \$15 per capita or \$75 per family seems large, but as a matter of fact the increase in railroad rates will not mean that much as a direct charge to the individual or to the family. A substantial part of the revenues of the railroads comes from freight on exports, and in that case the increase will be paid entirely by purchasers of those exports in other countries. There is also the very considerable item of the freight on materials and products of all kinds bought by the federal, state and municipal governments which is paid through taxation.

Coal is one commodity the price of which will be directly and appreciably increased by the advance in freight rates, the increase ranging from 75 cents to \$1.35 per ton, but even that does not make a very great difference in the annual budget of the average family.

The increase in freight rates should have no appreciable effect on the prices of the vast majority of things which the ordinary consumer purchases. This is so far the reason that, in the case of almost all ordinary commodities, the cost of transportation is at present such a negligible item in their selling price that an increase of even 40 per cent in freight rates would be an unimportant addition.

This fact is brought out clearly when an analysis is made of the selling prices of almost any commodity in relation to the cost of transportation of such commodity. Thus, in the average household budget, meat constitutes one of the most important items of expenditure, the average family consuming about 400 pounds of meat per year. In 1919, the average wholesale price of meat in eastern cities was about 21 cents per pound, and the

average retail price almost twice this much. At the same time, the freight rate per pound for a haul of 1000 miles, which is well above the average haul, was less than seven-tenths of one cent. Even when liberal allowance is made for the other transportation costs entering into the final price of meat, such as the hauling of the cattle to the slaughterhouse, the hauling of feed for the cattle, etc., it seems clear that the total transportation costs in a pound of meat is at present not over 2 cents. A forty per cent increase in freight rates, therefore, would add less than one cent per pound to transportation costs, and, at the maximum, should add no more than the same amount to the retail selling price.

In the case of a bulky commodity such as flour, the freight costs would be somewhat higher than in the case of meat, but even in this extreme case a 40 per cent increase in freight rates should add comparatively little to the cost of manufacturing flour and placing it on the market. Thus, in 1919, the freight charge for hauling a barrel of flour from Minneapolis to Philadelphia was only 84 cents, with flour selling at about \$14.00 per barrel. A 40 per cent increase in freight rate would therefore add, as a maximum, only 33 cents to the legitimate cost of a barrel of flour carried from Minneapolis to Philadelphia.

Similar conditions exist in the case of clothing. In 1919, the freight rate on a \$50 suit of clothes for such an unusually long haul as from Chicago to Los Angeles was only 22 cents. An increase of 40 per cent in freight rates should add less than 9 cents to transportation costs, and should add only that amount, as a maximum, to the cost of a Chicago-made suit of clothes in Los Angeles, California. Again, in 1919, the freight rate on a \$10.00 pair of shoes from Boston to Key West, Florida, was only 5.7 cents per pair. Thus an increase of 40 per cent in freight rates would add less than 2½ cents to the cost of a Boston-made pair of shoes in Key West, Florida.

Even in the case of such luxuries as phonographs and pianos, the situation is not very different. Thus, in 1919, the freight rate for transporting a phonograph retailing at \$150, from New York to Atlanta, Georgia, was only \$2.85. An increase of 40 per cent in freight rates would add only \$1.14 to the cost of a New York-made phonograph in Atlanta, Georgia. For hauling such a bulky and awkward object as a piano all the way across the continent, the freight charge in 1919 was \$28.00. Thus an increase of freight rates of 40 per cent should add not over \$11.20 to the cost of a New York piano in San Francisco.

The cases above cited are rather extreme, in that the average haul is prob-

ably very much less than those mentioned as examples, and the freight charge is therefore considerably less. For instance, while Minneapolis is the center of the flour milling industry, much flour is ground locally and often not subject to transportation by train at all.

The conclusion thereof seems inevitable that while the increased freight rates will place an added burden upon the consumer, this burden will not be very heavy, provided prices of commodities are raised no more than necessary to compensate for the increased freight rates. This conclusion is fortified by the fact that, in 1919, the total value of all commodities transported by freight was \$119.00 per ton, whereas the average freight charge per ton was only \$2.80, or less than 2½ per cent of the value. An increase of even 40 per cent in freight rates would therefore add less than 1 per cent to the average value of the total freight carried.

However, there is a solution of the problem that would involve no additional burden to the general public. The increase in freight rates, it has been estimated, will amount to \$1,200,000,000 a year. Even this large amount is insignificant as compared with the excess profits now being exacted by the basic industries, and could easily be absorbed by them out of these profits without any increase at all in prices.

In the data on profiteering presented by the railroad brotherhoods to the Railroad Labor Board, it was shown that the corporations of the country were making excess profits to the extent of at least \$4,800,000,000 annually. That is, these companies were making this huge amount over and above the normal profits which they made in pre-war years. These figures were for the year 1918, and it was proved that in 1919 and 1920 even larger profits were being made.

In other words, the great industries of the country could amply afford to deduct the increased freight charge from the price of their products, thus allowing the commodity to reach the retailer at the same price as formerly. By so doing, they would be reducing their excess profits less than one-fourth, and would still have left their full normal profit and three-fourths or more of the excess profit which they are now making.

The figures on which this statement is based are those published by the companies themselves in the recognized financial manuals. The earnings of a large group of over 200 representative industrial corporations were analyzed for the seven-year period, 1912 to 1918, inclusive. For the pre-war period, 1912-1914, the average annual net income of the entire group was \$438,663,427. During the war years of 1916, 1917, and 1918, these

same companies made an average annual net profit, after paying all war and other taxes, of \$1,234,359,688, an excess of approximately \$800,000,000 per year over the pre-war earnings.

Based upon figures reported by the Treasury Department this group comprised about one-sixth of the total corporate income of the country. As they were not selected in any way and were fairly representative of industry as a whole, it is entirely fair to assume that the aggregate of excess profits made by all corporations was at least six times the amount shown, or \$4,800,000,000.

A further study of profits for the year 1919 showed that 127 of these companies which had issued reports made \$740,391,243 in that year, as compared with \$619,373,699 in 1918. At the time this latter analysis was made all of the corporations formerly included in the compilation had not issued reports. A still further study of current profits which are published in financial journals from week to week leaves no doubt that profiteering in 1920 is even more flagrant than formerly.

The above by no means constitutes the full extent of the survey of profits. The whole subject of the costs of production and distribution, of margins, prices, and profits was gone into from every angle. Each industry was analyzed separately and individually, and the exact amount of excess profit being made on practically all of the principal commodities was displayed. The study proves that high wages are largely an effect, rather than a cause, of high prices, and it is shown that fully one-half of the increase in prices is due to excessive and unjustifiable profits.

It is also plain that profiteering is not confined to any particular industry or group of industries, but has extended into practically all lines. It would be an easy matter to take up each article or commodity separately and show that the increase in freight could be added to its cost of production and still an ample margin left between the cost and selling price to afford an exorbitant profit to the producer.

But the figures above cited show this in a concrete way and covers the whole field. Any child can understand that an increased transportation charge of \$1,200,000,000 can be deducted from an excess profit of \$4,800,000,000 without any necessity for an advance in price and with no injury to industry.

#### WILL DEDICATE MEMORIAL TO MARTYRS OF GREED.

Organized labor in the Allegheny valley is planning to observe the first anniversary of the deaths of Fannie Sellins, organizer for the United Mine Workers

of America, and John Strezleski, a miner, which occurred August 26, 1919, during a battle between strikers and deputies at the mine of the Allegheny Coal company, in West Natrona, by the dedication of a granite monument in New Kensington, Monday, September 6, it was announced Wednesday by J. H. Munn, of Tarentum, president of the Allegheny Valley Trades council.

The dedication of the memorial will be preceded by a parade in which more than 8,000 workers from various Western Pennsylvania towns are expected to march. The monument, which cost more than \$2,500, was bought by members of the United Mine Workers of America, throughout the United States. The shaft is 10 feet in height and contains over 600 words telling the story of the death of Mrs. Sellins and Strezleski. Mrs. Sellins was secretary of the Allegheny Valley Trades Council and a well-known woman labor leader.

The dedicatory address is to be delivered by John H. Walker, of Chicago, Ill., president of the State Federation of Labor of Illinois. —Ex.

#### A VOICE FROM THE RANKS.

Wake up! Oh, ye men that labor!  
Ye fools at the furnace and forge,  
Toiling and sweating, yea, dying,  
That your masters may revel and gorge.  
Wake up, and shake off your stupor,  
Come out of your trance and fight,  
Are you slaves to be cowed forever  
Under a dollar's might?  
Get out in the open and fight them.  
You've got nothing to lose but your chains.  
If it comes to a real test of power  
You can beat them by using your brains.  
They've got laws and writs and injunctions  
And dollars to back up their power;  
But you have the one thing they're after  
To sell them at so much per hour.  
They don't buy it now—they just take it.  
And throw you a stipend or two,  
And like beggars scrambling for pennies  
You grab at the pittance they throw.  
Ye fools! Can't you see your folly?  
The price might be yours to say!  
Wake up! Get your dull brains working.  
Demand for your labor full pay!  
Join your brother—get into your union.  
Stand by him loyal and true.  
He's fighting your battle unaided.  
Wake up, man, and fight with him, too!  
Be a volunteer soldier of labor.  
Don't wait till they draft you to come!  
Get into the ranks with your brother,  
And the battle is bound to be won.

NOTICE.

Last October, the International office re-  
ceived an application for charter from New  
Kensington, Pa. The charter application  
contained a statement that it was not close  
to, nor within the jurisdiction of any local  
union of the Brotherhood, and on such mis-  
representation the charter was issued.

On receiving information from Local 5  
of Pittsburgh that New Kensington was  
within their jurisdiction, and that practi-  
cally all the work in the territory was  
being done by Pittsburgh employers and  
members of Local 5, we immediately wired  
the Secretary of the Central Body, who ap-  
plied for charter, not to install the char-  
ter until the question of jurisdiction could  
be fully decided.

Despite this order, the charter was in-  
stalled, and quite a number of members of  
the Brotherhood were requested to deposit  
cards in Local 662.

It developed later that the majority of  
men under charter at New Kensington  
were employed by the Power Company, on  
the Springdale and Cheswick power jobs.  
The Company running these jobs were un-  
fair to Local 5, and Local 14; they having  
refused to meet the wage scale and con-  
ditions of the Pittsburgh local unions  
while operating in their territory, and are

still carrying on the semblance of a local union at New Kensington despite the fact that the local became defunct shortly after its installation by reason of non-payment of dues.

Members should pay no attention whatever to advertisements for men on the Springdale and Cheswick jobs, which are located near New Kensington and Pittsburgh.

The charter of the new local union having elapsed, the work comes under the jurisdiction of Local 5 of Pittsburgh, and all members should get in touch with Local 5 and be advised by them of the status of the jobs in question before making application for work there, or accepting positions on the jobs in question.

This appears to be a case of a corporation using the skeleton of a local union to further their ends, and evade meeting the wage scale and conditions established by our local unions in that locality.

Local 5 will be glad to furnish information to all members desiring to move to that locality, relative to the jobs mentioned, or other jobs in that vicinity.

Settlement on N. Y. S. Railways. Linemen and Foremen of Utica and Syracuse, assisted by Representative Dowling, secured a settlement of difficulty there with an increase of 1 per cent for foremen, 23 per cent for linemen and 26 per cent for emergency men, bringing their scale above the scales in surrounding territory for like class of work.

All seem satisfied that good progress has been made and expect to negotiate all differences without difficulty in future.

#### **CHAIN OF FARMER-LABOR CO-OPERATIVE STORES INCREASE CAPITAL TO \$500,000.**

**Delegates Representing a Membership of Over 4,000 Meet to Transact Business.**

#### **Thirteen Stores Now in Operation.**

On July 25, at 11 o'clock a. m., there gathered in the assembly room of the National Co-operative Wholesale at 342 River Street, Chicago, representatives of the various branches of the National Consumers' Co-operative Association. Many of these branches consist entirely of working men, some almost entirely of farmers and others are mixed locals of both farmers and working men, but all bound together as producers and consumers, and through the common ownership of their own co-operative wholesale.

The meeting of the Board of Directors was held the previous day at which a full report of the operations of this farmer-labor co-operative system was made by the officers in charge of the business of the association.

A general financial report was rendered showing assets of over \$200,000,

while a detailed report was made showing the details of the business as it pertains to each branch store. This report, which was ordered sent out to the branches shows the amount of capital subscribed and paid in at each branch, the amount invested in the Co-operative Wholesale, the amount of development expense, the inventories of fixtures and merchandise as of July 1, the expenses and the amount of liquid capital for investment in merchandise for each store.

After discussing the report thoroughly a number of recommendations were made by the Board of Directors to the General Delegate meeting.

The report together with the recommendations was thoroughly explained and discussed at the delegate meeting, with the result that the following recommendations were adopted:

1—As the authorized capital was nearly all paid in, it was voted to increase it to \$500,000.

2—As the report showed that a greater profit was made upon the goods handled by the Co-operative Wholesale than upon those purchased from local wholesale houses, it was voted to increase the amount invested in the Co-operative Wholesale from 25 to 40 per cent of the capital stock of the Association.

3—As the great need for co-operative education and organization work was recognized as necessary before the co-operative system could be successfully put into operation, it was noted to authorize an increase of the life membership fee to \$20, to take effect January 1, 1921, and the shares of stock to be made \$100 each.

4—To inaugurate a campaign for the collection of the balances due on subscriptions, in order that capital should be available for laying in a stock of goods for the fall trade.

5—To authorize the Board of Directors to employ the best expert obtainable as Supervisor of the stores in operation, in order to develop as efficient a system of administration as obtains with the best chain store systems.

A motion to allow wives or husbands of the members to vote in their stead was turned down by a decisive vote as a form of proxy voting, but a motion urging wives and husbands of members both to take out memberships in their own names, was passed by a big majority.

**KNOW YOUR FRIENDS—** For the purpose of providing the mem-  
**GET ACQUAINTED WITH** bership with information concerning the  
**YOUR ENEMIES.** attitude toward labor of the members of  
the 66th Congress, we are publishing the

names of Senators and Congressmen whose terms are about to expire and their places to be filled at the coming election.

The names are arranged in Groups 1, 2 and 3, according to the individual's attitude toward labor legislation. Group 1 contains the names of those who have been in sympathy with labor and supported remedial labor legislation and are entitled to labor's fullest endorsement and support. Group 2 is made up of Senators and Congressman who have supported many labor measures but have also voted for some reactionary measures. In a general way those in Group 2 have fairly favorable records. In Group 3 appear the names of the Senators and Congressmen openly hostile to labor's wants and opposed to almost all remedial legislation beneficial to labor. This group comprises those whose records are so objectionable they are not entitled to the support of voters having an interest in labor's welfare.

The classifications have been made absolutely in a non-partisan spirit. No attention has been paid to what the individual's politics may be. The only thought in mind has been to be impartial and make the classifications in keeping with the attitude the various Senators and Congressmen have taken toward labor. Ordinarily this explanation would be unnecessary, but inasmuch as in Group 3 appears the name of the candidate for president of one of the principal political parties, it might appear to some that political bias was used in making the compilation, which is in no way the fact.

There may also appear in Group 3 names of public officials who have admirable records in their respective communities. This also has been disregarded and they have been judged solely by their official attitude toward labor. When labor needed help and appealed to them for assistance, they turned a deaf ear to labor's requests. They now seek support from labor, which they are not entitled to.

Never before has the toiler had so much at stake in an election. The election is really a great economic rather than a political struggle. The forces of oppression can be depended upon to support every man in Group 3 who is seeking political favor. Labor fights corporate greed and the industrial oppressor, year in and year out. Labor can not afford to ease up the fight one day of the entire year, particularly election day. If labor votes for labor's interests, few, if any, men in Group 3 will be returned to public office. Their defeat will be a significant lesson to their successors. The men and women toiling for a living are urged for once to put aside political prejudice and cast their votes against known enemies. Do not be confused or influenced by foreign issues. Clever politicians are endeavoring to attract the voter's attention from domestic problems by such questions as the League of Nations, Shantung, Fiume and foreign chop suey in general. Show them you are more interested in the brutal massacres of Pennsylvania's citizens employed in the steel industry; the industrial war in West Virginia; and last, but not least, the democracy for which thousands of our fellow citizens

and members fought and died on Flanders Fields. Vote for industrial peace at home—our friends are as fully capable of making peace with foreign nations as our enemies.

GROUP NO. 1.

Senators and Congressmen who have supported constructive, progressive legislation, assisted organized labor in opposing reactionary measures and are entitled to receive the support of organized labor and its friends:

**THE RAILROAD MELON—** “Boston—Should the Interstate Commerce Commission authorize the loans to be made from the \$300,000,000 revolving fund, as recommended by the Railroad Executives, there will be available for the New England district almost \$18,000,000 for improving equipment and service.

Of this total the New Haven will receive the largest individual amount—\$9,800,000—whereas the Boston & Maine has asked for 6,200,000. Whatever is spent on the Boston & Albany will be absorbed in the \$27,500,000 asked for in behalf of the New York Central System.

In apportioning the big fund it has been the desire of all interested to facilitate to greatest degree the movement of cars. The greatest apportionment from the fund has been for additions and improvements to promote and increase car movement.

For this purpose \$2,188,564 has been recommended for the Boston & Maine for “retaining walls and rip sagging, renewal of bridges, automatic signals, extensions to sidings, interlockers, improved water supply, engine house and yard facilities.” In the extension of yard tracks, roundhouse and engine terminal facilities an additional sum of \$1,814,047 has been recommended.

Against this total there has been suggested for the New Haven \$8,130,000 to be used in the “development of freight yards, engine terminals, shops, tools and automatic signals.”

For the purchase of locomotives there has been recommended \$1,245,000 for the Boston & Maine, \$1,750,000 for the New Haven, \$180,000 for the Bangor & Aroostook, \$209,200 for the Maine Central. For the purchase of cars a loan of \$58,030 for the Maine Central has also been recommended.”

*(Boston News Bureau—August 20, 1920.)*

The New England railroads desire as their slice of the melon (the Public's money) eighteen million dollars. The tidy sum will, no doubt, be added to physical valuations on which the public will pay dividends to the companies. To obtain this slice of melon railroad managements created a scarcity of rolling stock, putting thousands out of work for lack of cars to carry raw materials and finished products to and from the factories.—a neat little deception to convince the Interstate Commerce Commission and the public of the necessity of a huge loan to provide equipment.

Now that the loan seems assured it is announced that the New England roads will use \$3,384,200 for rolling stock equipment, a trifle over one-sixth of the whole. The rest, nearly \$15,000,000, goes for enlarging the properties and permanent improvements that the companies have declined to make out of profits earned and used to pay dividends on values that did not exist—“Watered Stock.”

Eventually the people will demand Government ownership. Without question the time is rapidly approaching when this will occur; the loan as used will be credited as appreciation of property value and the people can pay to the owners the sum total of valuation, plus the generous loan—truly a wonderful system—and in the meantime the car shortage will grow ad infinitum, as an excuse for more loans.

How thankful (?), indeed, the people should be to Messrs. Cummings, Esch and associates in Group 3 pages 15-16-17-18-19.

## L. U. NO. 2, ST. LOUIS, MO.

Editor:

Just a few lines from No. 2 to let the Brotherhood know that we are still doing business and wishing that the other Locals are working full time and increasing the I. B. E. W. membership. Things are looking bright at the present. Most all of the boys are working at the city lighting job, but lack material and lose quite a few days. Local No. 2 has come to a settlement with the city about the wage scale and the job is running smooth again. We are starting to get ready for the next convention by appointing a committee to devise some ways and means to raise a fund to entertain the visiting delegates next September. The Brothers appointed on the committee are Brother McSpaden, Brother Ed Merret, Brother Sharp, Brother Hennessy and Brother Wade—some live wires. We are going out for a better convention next year. At all the meetings we need a better attendance and more interest taken by the members. Brothers don't wait for the other fellow to do it. If you are appointed on a committee serve to the best of your ability. If some one objects to the way you serve which is often the case, just tell him to make a noise like he wanted to do something for the Brotherhood and he will soon get a committee job.

If we could get more members to attend the meetings all the business would not fall on a few brothers who do attend regularly and we would not have so many kicks and objections. So we are going to put our shoulders to the wheel to make it pleasant for the visiting delegates next September, 1921.

Brother Buck Moore is back with us again after a visit out on the coast. Bro. Moore had his wrist hurt recently, but is O. K. now, and we are all glad to have him with us again, as Buck is one good fellow as any Brother will say who met him at our last convention at New Orleans.

The news of Brother Judd being killed in Detroit was like a thunder bolt out of a clear sky. Brother Judd was electrocuted while in the performance of his regular duties as a lineman at Detroit, Mich., and a member of Local No. 17, stricken down while still in the flower of useful vigorous and glorious manhood will ever remain fresh in the memory of those who knew him, especially the members of Local No. 2.

We recognize in the untimely taking away Local No. 17 has lost an esteemed and worthy member, the country a good and loyal citizen, and the home a faithful and devoted husband and father and that the members of Local No. 2 extend their deepest sympathy to the family relatives and friends in this their hour of grief.

Brother James Hennessy sends his thanks and best wishes to the Locals and members who came to his assistance in time of need, and is very glad to let the Brotherhood know that he is feeling fine once more and hoping that the same misfortune will not happen to them.

For the benefit of the former members of Local No. 2 I will give them the names of our new Executive Board: Wm. Lantz, President; Don Cathels, Rec. Sec.; Hy McGuire, Ed O. Keefe, R. Gibson and J. Uttley

who will look over your traveling card when you come this way.

Will close for this time, hoping this letter will find the officers settled down and working smooth in Washington by this time.

Fraternally yours,

J. Trebelcock,  
Press Sec.

## L. U. NO. 41, BUFFALO, N. Y.

Editor:

Fate seems to have smiled somewhat kindly on Local 41. Often have I heard the remark passed that an International organizer should be placed in the jurisdiction and kept there until he had a fair chance to unravel a somewhat unpleasant situation. At last that time arrived and Brother Kloter who was delegated for the task, has certainly done Yoeman's work in Buffalo.

The card carrying Electrical workers should not forget that although an officer of the I. O. can by new tactics and arguments bring about a healthy growth in our organization, he cannot maintain it after he leaves. We all know that and I believe we also know and understand the general principles under which Trade Unionism carries on its work. Let us all be wide awake, help one another, bring in the man on the outside and we will soon see the results reflected in the better conditions of our craft.

The members of Local 41 were especially pleased with the successful termination of Local 86's difficulties. More power to the boys of Rochester. Brother Billy Mary, one of our former members paid us a visit recently. He is now working in the Canal Zone but came back to the old town for his vacation. The boys wish him a pleasant voyage back and ask to be remembered to the other Brothers on the Isthmus.

Work is not near as plentiful as it might be. We feel this condition is but temporary.

Allow me at this time to knock off. Will try again in another month.

Wm. F. Bender,  
Press Sec.

## L. U. NO. 54, COLUMBUS, OHIO.

Editor:

The strike is still on between Local 54 and the Columbus Ry. Pr. & St. There has been about twelve of the weak-kneed ones crawled back, but the balance are out for a finish fight and cannot see why this fight cannot be won. Will send names of those that renounced their obligation shortly for publication. If we can keep them from getting any more scabs than they have at present, we have won, as what they have are not doing any work, only keeping up what little trouble that comes up. Upon Sunday, Aug. 22, one of our brothers employed by the Municipal Lt. here was instantly killed while changing cut-outs on a 6600 V line. At our regular meeting the following resolutions were adopted and complied with:

## L. U. NO. 86, ROCHESTER, N. Y.

Editor.

On July 26 Local 86 of Rochester ended its strike against the contractors asso-

ciation after being out for sixteen weeks. The new agreement signed calls for a closed shop condition with a wage scale of \$8.50 per day until the first of November at which time there will be a new adjustment whereby the wage per day will be according to an average which will be set taking eighteen cities east of the Mississippi larger than Rochester.

It was gratifying to notice the way all the boys stuck together with a list of desertions among the wiremen so small that they could be counted on the fingers of one hand.

I wish to take this opportunity to thank all the Locals in the Brotherhood who so willingly came to the front in our behalf, especially E. A. O'Brien's local in Syracuse, who not only rendered us financial aid but took care of all our brothers who went to that city to work.

While still talking on the strike if I am in order I would also like to voice the sentiments of \$6 and register a little knock, in case we ever have any more trouble in this city or if ever the International deem it necessary to send a representative here. Please do not send the man here again who tried to represent the I. B. E. W. at the beginning of our trouble. A word to the wise is sufficient so I do not think it necessary to mention his name.

Yours sincerely,  
A. G. Bruczicke,  
Press Secretary.

**L. U. NO. 98, PHILADELPHIA, PA.**

Editor:

Since my last letter I will say that conditions are about the same regarding work. We are slowly and surely compiling data regarding some of the dear brothers of the I. B. E. W., who have and are still scabbing it on us by working on the Philadelphia Power House job and hope to be able to send some to the Worker for publication some time in the near future.

And by the way there were quite a few members of the Brotherhood who chose Hog Island for a haven during the war and only hope to see the day that all traveling brothers will abide by the constitution and make proper disposition of their traveling credentials, thereby saving all concerned any inconvenience.

Well by this time I suppose we are all familiar with the so-called "American Plan" which in my opinion is a shrewd piece of work on the part of the employing element. To the average non-union worker and the public in general it becomes a moulded impression of being 100 per cent Americanism. The war is over now and the only kind of Americanism we want to see or learn about would be legislation that leans more to the Constitution of 1776 than to the supposed new one of 1917-1920.

The recent bills that have been passed mostly to suppress organized labor were passed on the grounds of majority vote of both houses and since the majority did and always will count, let us be there with a conservative vote this coming Nov. 2nd.

For past records of congressman and information pertaining to every day political doings also questions on Industrial Democracy can be found in the columns of a weekly paper that is published in Washington, D. C., Machinist Building, called "Labor" and believe me gentlemen too much cannot be said about it. It solicits not a penny of advertisements and it is a paper and the only one of its kind published in the country, bar none. Subscription rate is \$2.00 per year and well worth it. Line up and subscribe men you will never regret it.

With best wishes to the officers and members of the Brotherhood.

Fraternally,  
T. B. Evans,  
P. S.

Local No. 98.

**L. U. NO. 101, CINCINNATI, OHIO.**

Editor:

We are still alive and on the job. Just a few words to let the brothers know that we are fighting hard to increase our membership. In the past eight months we have organized the switch board men and the electric track welders. The boys down here in old Cincy are working hard every day. We are striving to get all of the linemen within our jurisdiction. Old Mother Bell is a hard old customer to deal with. When her men see us coming they dodge us like rats would a cat. We cannot get to talk to them only about once a year just after we sign a new agreement with the Cincinnati Traction Company. Then they pass a few words but they don't mean any thing to us. But nevertheless we wear our button right out in front on our hats, and smile when we pass them by. Every man is on the job and doing his bit. We hold our meetings every Wednesday night and invite all good card brothers to join us in our meetings when in Cincinnati or going through. Well this is about all I have to say this time, but will do better the next time.

Yours fraternally,  
C. S. Sweeney,  
Press Sec. and Editor.

**L. U. NO. 106, JAMESTOWN, N. Y.**

Editor:

Owing to the strike of inside wiremen and linemen of the city of Jamestown, N. Y., Local No. 106 we advise everyone to stay away from Jamestown, as we have put into effect Article 23, section 8 of the Constitution.

H. W. Franklin, card No. 13921.  
Chas. H. Fisk, card No. 13922.

Floyd R. Nelson, card No. 136033.  
P. R. Carlson, card No. 13964.

As these men have violated their obligation and are acting as strike breakers.

**L. U. NO. 122, GREAT FALLS, MONT.**

Editor:

Last month I was sure that by the 20th of August, we would know something definite concerning the situation in Great Falls. But here it is the 22nd, and so far as I know we are no nearer a settlement than we were a month ago.

Brother O'Dell was in Butte the latter part of last week to see if he could get any dope on the situation. Haven't seen him since his return so don't know just what he learned.

Believe it or not but we have a pretty hard proposition to buck up against here, as the entire State is practically controlled by the large mining and smelting companies.

The old agreements with the power and mining companies expired July 1st, 1920, in Great Falls, Anaconda, and Butte. We are now asking for a State wide scale of \$8.00

per day double time for Sundays and holidays and a 44 hour week. But up to the present time have had nothing but a flat refusal as the contract with the Tel. Co. terminates on Sept. 1st. I suppose by that date we will all be ready to "GO" together.

For the benefit of some of the wandering Brothers who have made Great Falls at some time in their travels will say that the old Berg has been rather dead this past year. The Johnson Hotel has at last been completed. This was quite a blow to some of the Brothers I fear for it was a pretty good thing while it lasted. Well 'till right for we will have the new theatre building that is going up on the corner of Third and Central for this winter and next summer.

Just a few more words and then I will quit. Our new President "Brother Parsons" is hard to get along with sometimes, but he sure gets a lot of pep into the meetings—most always through by 10:00 o'clock which is very much appreciated by some of the "boys" as it gives them lots of time to engage in that old and favorite sport of African Golfe.

The following men are in arrears and have left Great Falls owing Local No. 122 money which was loaned them on their promise to repay:

W. R. Coley ..... Card No. 248796  
C. W. Sprague ..... Card No. 248766  
C. M. Hickey ..... Card No. 64544

Any information regarding where these men can be located would be appreciated by Local No. 122, or if this should come to the notice of afore mentioned parties we would be glad to hear from them and see what excuse they have to offer for their actions in this matter.

Hoping this gets by the censor I beg to remain,

Fraternally yours,  
Harry V. Cox,  
Press Sec.

**L. U. NO. 130, NEW ORLEANS, LA.**

Editor:

Although news of any kind from Local No. 130 has been rather scarce recently, this does not necessarily imply that we are defunct or in a state of coma, far from it.

A wonderful change has come over the Electrical Workers in all branches of the trade in this vicinity as any traveling brother will testify who was here in the old days and has been with us recently.

Our Local has been built up gradually along sound conservative lines until we are today enjoying the reputation of being the best organized, best financed and having the best conditions which were obtained with the least friction of any labor organization in this locality and through the able administration of our officers with the hearty co-operation of our entire membership we mean to keep in the front ranks in spite of a few radicals, hard boiled floaters, Bolsheviki, etc. to the contrary notwithstanding.

The labor situation locally has been somewhat stormy during the early part of the year, but at this writing practically all trouble has been smoothed over and all are in high gear once more; fortunately, we have not been involved in any serious difficulty having been able to obtain what we felt was our due without the loss of a single hour.

All our members are working and while the future looks good yet we feel that our membership is large enough to take care of the work that may come up in the near future. Anyone thinking of coming this way to dodge the sleet storms had best communicate with us first unless you are well heeled enough to bask in the warm winter sunshine and play the ponies—truly a great life if you can pick 'em.

Our last election resulted in our retaining practically all of the old officers whose past record, the writer feels, justified the action.

With best wishes to the entire brotherhood I am,

Fraternally,  
T. E. T.  
Press Secretary.

**L. U. NOS. 134 & 139, DAVENPORT, IA,  
ROCK ISLAND, ILL.**

Editor:

Failing to get my space last Worker, will try again to notify our Brother and Sister L. U. how we are getting along with the strike of L. U.'s No. 109 Rock Island, Ill. and 154 Davenport, Iowa, jointly in our trouble with the Power and Light and Clinton, Davenport and Muscatine Ry. and the Tri-Cities Street Car Co's.

We still have the strike breakers here on us, but they are getting no work done to speak of, only a few small jobs and partly taking care of the trouble in a rough way so it will work.

Brothers Chiles, the I. R., left here for Clinton, Iowa, after all ways and means were used to bring a settlement about. We appreciate the efforts and wish to instruct Brother Wm. M. Chiles of same and that we are still 100 per cent out and every Brother seems anxious to carry it out in all respects and make the Tri-Cities a decent place to work in after our struggle is over.

All Brothers take notice and stay away from the Tri-Cities until notified by the Worker.

Fraternally yours,  
Wm. R. Whitesell,  
Strike Com. Chairman.

**L. U. NO. 177, JACKSONVILLE, FLA.**

Editor:

Well here we are again. Every thing bright and everything going smoothly.

We are having some wet weather at present and still they think this is a bone dry country.

We are going smoothly with the contractors by our side. Every one working harmonious.

We have had some serious sickness throughout our Local, but we have but few complaining at present. Brother Bob Murray is under a specialist care and all who are familiar with this case say they can see an improvement. Again we thank the cheerful givers of the various locals who donated towards Brother Murray cause. His wife and family wish to extend their thanks.

Our business agent has been feeling out of the ordinary and has been laid up for several days.

The said Brother was recently married and has just returned from a camping trip, but the doctor said that was not the trouble.

Again worthy brothers we will call on your aid. We are in search for a lady who would have the nerve to wed a wire twister. Age is no object. As we have a brother who seems to be lonely and at least once a week feels as if he has to explode, and our luck it comes on meeting night.

Of course if you find a lady who would be just a lively correspondent for a start, who would not think she was wasting her time, as the young man would not mind wasting time for any female sex.

The work here is not so plentiful at present, but there are no men loafing or taking vacations.

Nevertheless we will expect a good line of work in the near future.

We have had several banquets in the past few months for the benefit of the local, and several smokers and watermelon cuttings as well.

We expect to have a wedding in our local that is if we can find a bride and a groom.

Brother R. L. Brown is claiming he is bothered with brain fever and says his doctor has ran entirely out of prescriptions for a well known medicine (some people call it that.)

Anyway if any brother has an over supply of said medicine, kindly send as much as possible as this brother is failing fast.

Well can't say much for this time, so will close for this issue.

Bill Locke, P. S.

#### L. U. NO. 207, STOCKTON, CAL.

Editor:

Will try and get another letter in the Worker, as L. U. No. 207 wishes the names of the scabs published that scabbed on the Western States Gas & Electric Co. Will try and make this short and sweet as there are so many locals in the country in trouble that the Worker is full of letters on strikes.

The strike against the W. S. G. & L. Co. was called March 22, 1920 for four (4) weeks we had a 100% strike. At that time the Company through Mr. Kahn, the manager after the second trial. The Superior Court passed a permanent injunction to restrain pickets from picketing the job. Manager Kahn absolutely refuses to sign an agreement again with the Brotherhood.

The following are the men who deserted and went back to work, and some of them left jobs paying as high as \$3.00 a day to go to work for \$7.50, the Company's scale:

Ben Dabove, 330117; John Schurer, Sr., 63501; J. E. Schurer, Jr., 330103; Chas. Smith, 63508; C. H. Toal, 63521; D. B. Pool, 91559; C. G. Foster, 26151; Chas. #### L. U. NO. 210, ATLANTIC CITY, N. Y.

Editor:

As I got by with attempt number one, I am going to try it again. However, I note that my second letter was not published and I had some explaining to do to the members of 210 who seemed to think that I had been asleep at the switch last month.

First of all I wish to announce that our B. A. and Fin. Sec. Brother Larry Stafford slipped away on August 17th and took unto his bosom a wife. She, being the first sweetheart of his youth. Larry is certainly to be commended for his bravery in the face of the H. C. of L. He received and deserved the best wishes of all electrical workers in this vicinity.

Now to inform my readers of the conditions that exist in the city by the sea. The Atlantic City Electric Co., which is a subsidiary of the American Gas & Electric Co. is paying, 75c per hour for linemen, 9 hours four ways, time and a half for overtime and double time for Sundays and holidays. Every other Saturday afternoon off the year around with pay. Six hours

extra is allowed for everybody who works until five p. m. the Saturday afternoon they are supposed to be off. At present the line department is all that is organized, but a committee is working on a plan whereby we hope to take in the entire force employed there.

Ma Bell is paying 73c per hour, 8 hours for first class men, but I understand that in order to secure top money an employer must have been working there the better part of his life.

Brothers Stafford and Summers take care of our interests over at the Western Union. They have been with us and the W. U. ever since Heck was a pup. We also have a couple of real members in the Electrical Bureau, so I can truthfully state that old 210 is represented on every electrical job in Atlantic County, except the Atlantic City and East Shore Ry. The strike against that outfit is still on and after three months and a half we have had no desertions from the ranks. However, Scabby McDevitt who was running the rodent line car was fired last week for being A. W. O. L. and also drunk for three days. I presume that the two hundred bucks per month salary he received was too much for his narrow contracted mind and it became affected.

Brother Joe Miller, who has been disabled for the past three months is around again, but it will be at least a year before he will be able to climb any poles. The bones in both ankles were badly splintered. We are all very glad to see him out with us.

Our season is about over on Labor Day and very shortly after that the summer colonists will begin to hit the outward trails and rents will drop down to normal. A great many people who had rooms to rent charged exorbitant prices this year and drove a large number of vacationists to smaller resorts along the coast. A good many of these get-rich-quick artists were left with their rooms idle and I sincerely hope that they have learned a much needed lesson. Twenty to twenty-five dollars a week is entirely too much rent for one room that contains probably a broken down bed, a couple of chairs, a digging set and a few old dishes and a one-burner hot plate. Take it from me, I got down here late in May and know of what I am writing about.

Has anything happened to Shorty Wade of Los Angeles? Maybe he has gone back to Peory by gorry! He never did state how he got out to where so many tourists were. Imagine they can live on climate and oranges. Also if Brother Hildebrand of South Bend sends me his new address I will write him again.

Now then, what's the matter with Local 433 of Benton Harbor. They are quite conspicuous by their silence in these columns. I happen to know that they are a young local so wake up and let the world know you are alive. You ought to have had some kind of news to give us even if it was only about the Lenard & White fight last month. How do you Michigansers like the looks of Jack Dempsey.

I bet that Rube Weber of Local 21 is down in Jersey making home brew as he also has been absent from these pages for the past couple of months.

"Chops" of Local 112 has a darn good article in the August Worker and it would pay each member to give it a thorough once over and don't forget to try to teach the ladies how to vote right, now that we have another amendment to the constitution.

That's a fine judge you have out in Galesburg, Brother Maze. If he should see your article this month he will no doubt try to "injunct" you from breathing or chewing Spearmint.

What's become of the back fire from Local 142? Did the machine catch fire and consume the writer? Perhaps he is on his vacation.

We have had so many company rains this month that the bunch is becoming disgusted. It rained for seventeen consecutive nights and three Sundays. So my readers can see why I call them company rains.

Well I guess I had better dead end 'er or Brother Editor will be thinking that I am running a serial and publish this in installments.

With best wishes to all, I remain,  
Fraternally,

Bachie,

Editor:

I have often wondered after carefully reading past Workers what has become of the brothers who left our jurisdiction for other localities during the past fifteen years. I have failed at any time to note the mention of any of their names as elected officers or in any way being active in any other local union.

Some of the old timers I have in mind are Brothers Carl Burton, Harry Richter, "Slim" McGregor, Bill Hewitt and Frank Thompson. Many others have left at various times, made the circuit and occasionally drop by for at least a short visit with us, which sort of keeps us in touch with them from time to time. The above mentioned brothers however, together with a few others seemed to have disappeared completely. To my knowledge we never see or hear of them. I am positive they all still carry clean cards and no doubt most of them read the Worker. We hope that any who may read this issue will take the time necessary to drop us a few lines. Old No. 212 has not forgotten any of you, and very frequently refer to the times when you were with us. We guarantee reply to any and all letters which we may receive. Let us hear from you it will do us all good to hear how prosperous you have been since leaving old Cincy.

One of the latest issues in our beloved city is a contemplated occupation tax. The heads of our local government, when home long enough to hold session, have discovered our city to be heavily in debt. This no doubt in their minds was brought about by the humble working class, whose privilege of a mere existence has never to date been passed on favorably by one of them. In view of the fact that labor (especially organized labor) has received fair wage increases during the past year, they believe themselves justified in advocating a tax where they can give you something with one hand, suddenly hit you in the back of the neck and take it away with the other and get by with it.

I am much afraid that the old policy to keep politics out of organized labor is a thing of the past. When we are confronted with conditions as stated above I think nothing better could be accomplished than to mix Unionism and politics and mix them thoroughly.

Work in Cincy is still holding out—although no great spurt is in evidence at present, there still is work for any who want it in our line, and has been all summer.

Say fellows, I have a story in mind which many may have already read in one of our daily papers. I will shoot it across for the benefit of those who missed it.

It was 3 o'clock in the morning and Roamer Bibbles had not yet come home. Mrs. Bibbles resolutely put aside the rolling pin. "No," she decided, "I won't use it on

him this time. Of course it is very wrong of him to come home in such a state and at such an hour every night, but perhaps if I try kindness instead of force, he will see the error of his ways."

At that moment she heard the sound of a key searching for a keyhole, and five minutes later her husband opened the front door. She threw her arms about his neck and kissed him on the right eyebrow.

"It's such a comfort to have you home again!" she cried happily. "Come into the dining room and I'll make you a nice sandwich."

Roamer Bibbles followed her dazedly. She helped him find a chair, kissed him on the bald spot, and made him a nice sandwich of two slices of wheat bread with a slice of rye bread between them. But suddenly he staggered to his feet.

"No!" he cried. "'s very nice of you, madam, but mabe if your (hic) husban' came in an' saw you (hic) entertaining a stranger he wouldn't (hic) like it."

And he walked unsteadily to the front door and went out again and walked around the block six times.

Half an hour later, his wife again heard the sound of his key persuing the keyhole, and again he entered.

This time in a black and red fury, she descended on him with the rolling pin and gave him a thorough drubbing.

"Home at last," he murmured sleepily, and, stretching himself out on the seat of the hatrack he went peacefully to sleep.

How do you like it—real good eh? Thinking so myself. I will shove off. With best wishes, I remain,

Fraternally yours,

E. S.

Editor:

A few words at this time to say that 292 is still going ahead in spite of various drawbacks and other little things. Our strike is not settled yet, but we are winning it slowly and surely step by step. All our men are not yet working, but the outlook is fairly good for the near future. We have a general open shop fight in Minneapolis. The musicians have just won such a fight. The movie operators in the city were bannering an unfair show and a certain judge handed down an injunction against bannering or picketing this show. He even went so far as to forbid the name of the theatre to be spoken on the meeting floor of either the union or Trades and Labor Assembly. We had four good boys who decided to test their constitutional rights of free speech and Press. For this they were hauled up for contempt of court and fined \$125.00 apiece or 60 days in the workhouse. These boys decided it was better to be a martyr to the cause than to pay the unjust fines. As a protest against such Kaiserly tactics Organized Labor has staged a huge parade and demonstration on Saturday afternoon, August 28th, with bands and we will escort our leaders as kings to the jail for delivery to serve their sentences. It is time that Organized Labor woke up and took notice and they will show they are awake in Minneapolis by this parade.

With best wishes for the success of the Brotherhood.

Fraternally yours,

E. Lawrence.

Just a few lines to let you know that the Electrical Workers of Local No. 305 are all back to work after the recent lockout on account of the labor trouble. Many

thanks to International Office and Brother A. Bennett for the good service rendered for the members of Local No. 305 in their recent lockout. Members of Local No. 305 have a hearty welcome for Brother A. Bennett. Come again brother.

**L. U. NO. 348, CALGARY, ALBERTA, CANADA.**

Editor:

Since writing the last letter several things have happened and our local is beginning to come alive again. One of our light weights got up in the local and really had enough spunk to challenge one of the heavyweights over the interest he was taking in the local. Since they both were of the bull-dog breed I'm sure there would have been some hanging on if we had allowed them to have stuck their ugly fangs into one another.

The Government Telephone Co. is hiring every lineman that comes through, but that is not very many compared with the amount that is needed. They want cable splicers and say that they intend to work right through the winter. The Government pays 92-cents per hour for 8 hours time and one-half for overtime and the men work for ten hours.

We are having some trouble trying to make the Government pay regularly and up to date. The checks are overdue ten days now. We are liable to have to go after the Government Tel. Co. rough shod if they do not come across and treat the brothers like human beings.

From the little bit of news that reaches us from Europe it seems as if Labor is really alive. They have the old war-horse Lloyd George, backing up. He changes his steps over night when he learns that the Labor hounds are hot on his trail and have been checking up on him. Now they have taken the short cut and with the co-operation of their brothers in Ireland have the old war-horse about ham-strung. We also see France making a move for the laboring classes.

It makes the close observer smile to see the "big business" groaning and twisting and trying to squirm out of its natural hoggish way. We also see our old friend President Wilson with a long and dragged face from the worries he has had, but the poor old school teacher will soon be brushed aside. He never forgot his obligations to his "big business." He is too slow for them now.

Brother Engles has not yet fulfilled the promise he made to this Local to keep us posted on the development of the quarrel on the coast between the I. B. E. W. and O. B. U. However, we can overlook some of the things that Brother Engles has slipped so far for we know the struggle he is having with the O. B. U. in the East. He is doing hard work to say the least, to keep his head above water.

Rent and food, taxes and clothes are getting more expensive here all the time and from what I can gather, Alberta is not nearly as bad as British Columbia. They are soon going to put paper suits on the market. Overalls are too expensive.

With fraternal greetings to our brothers from Local 348.

Press Secretary.

Editor:

As we have had only a few lines in the "Worker" in regard to the strike situation

of Local No. 364 I. B. E. W., I will enlighten the brothers as to the conditions of the electrical game in Rockford.

We have been out since May 1st for a better wage, but have been refused by the contractors. The open shop has been declared against us. Our B. A. Robt. Landess has been ordered to stay off and away from all jobs under penalty by orders of the chief of police, and the mayor said what the chief says "goes." The Chamber of Commerce and Merchants and Mfg. association have sworn to get him by fair means or foul, but he is on the job from morn till night, making life miserable for the scabs who are working under police protection on the school jobs. They were roughed in and now the rats are tearing down ceiling and side walls, also all pipe and trying to do the job over again. 800 of 1/2 inch pipe was torn down in one school and all wiring pulled out of the other, and school is to start in about two weeks, but the Electrical contract will not be completed. Some of these contractors are sick and tired of the game and are about ready to quit business, want to sign up, but are kept back by the others.

At our meeting two weeks ago August 12, two journeymen by name of Ed Pendergast and Alfred Olson, the first asked for \$25.00 to pay his rent. The Ex. Bd gave it to him without a murmur. Then he was told to report on The Central Park job with this said Olson on August 13 at 8 a. m. at \$1.25 per hour. But both turned down a strictly card job to go to work in a scab shop at \$1.00 per steady work being guaranteed them. That is only a sample of what some of these rats are doing.

Theo. Swanson, former Treasurer of 364 took out a withdrawal. Al Christ, former Recording Secretary of 364, who never left the shop when strike was called. This Swanson went into business, sold out and took out a bunch of rats and is still on a job that three good men would have finished in six weeks time. You will find a list of names with their card numbers who have been expelled and cards ordered withdrawn:

- Swanson, Theo. ....Card No. 43898
- Olson, Alfred .....Card No. 373327

- Linton, C. A. ....Card No. 373333
- Clark, Gilbert .....Card No. 373326

Well here I come again. It did me so much good to see a little letter in the last issue of the Journal from 584 and 689, that I thought I would have to write a short note myself. I am sorry however to learn that 584 is having trouble with the contractors. Well boys 410 isn't growing much but we are still able to hold our own.

We are planning a big Labor Day parade here and through the Laurel Central Trades Union and the cooperation of the various local unions here, I think we are going to be able to give Laurel an eye opener in the way of a labor day celebration, for this will be the first attempt at such a thing in this town. All indications at present show that it is going to be a big success. Thanks to the merchants and contractors. They are helping us some financially and that looks mighty good. There is only one big job going on here now. A large new theatre and out of three bidders two fair contractors and one unfair contractor. One of the fair firms got it and you can just bet your bottom dollar old 410 is certainly rejoicing over it.

**L. U. NO. 545, HONOLULU, HAWAII.**

Editor:

On May 3, 1920 the organized workers of the Mutual Telephone Company, Honolulu, T. H. struck for a living wage and improved working conditions. The strike has been in progress now for three months. Increases amounting to \$87,302.00 per year have been granted and the new schedule went into effect July 1, 1920. After granting the wages, the company refused to reinstate the men and operators who forced their hand. A week after the strike was called the Public Utilities Commission of Hawaii summoned the Company to prepare for an investigation. The investigation lasted for a period of six weeks terminating about the middle of June. The Company was represented by legal counsel in the persons of a large law firm here while the striking employees were represented by myself. Testimony given by company employees was of such a preposterous nature that at the close of the wage hearings, the Company saw that an increase was going to be granted by the Commission if they didn't make a move in the right direction so granted the increases as above.

Then followed the lockout. It might be well to state here that Mr. F. G. Hummel is the General Manager who is trying to exercise his autocratic authority in this high-handed manner. He has a record from Los Angeles, Oakland, Omaha, and many other mainland cities. Some of the old guard among the Electrical Workers will recognize the name and the record. It took six weeks to convince him and the other Company officials that we were not being paid enough, and it is more than six weeks since the wage phase of the hearings closed and we are still on strike for reinstatement. The Company's agents and under-officials are sent out every day to try to persuade the men to return to work. It is done in such a dirty underhanded way as to almost nauseate even the most conservative among us. Before the strike a letter was posted on the bulletin board which stated among other things, that "any of the employees who were not satisfied with their hours, wages, and working conditions, are at liberty to leave the employment of the Company at any time suiting their convenience." They failed to include that after we went out singly or in a

body and beat them to it that we were at liberty to return in the same way.

We are fortunate to have had plenty of work outside of the Company in all lines. Out of about one hundred employees only 11 have returned to work the majority of whom are of little consequence to us from the workmanship standpoint, damaging only the moral side. All men in the telephone department are warned to stay away from Honolulu. Even at the increased rates of pay, the wages paid are on the average for switchboard men and linemen \$1.50 less per day than those paid on the Coast in the same kind of work. The strike is not yet over and new developments are coming up all the time. From the economic standpoint of view it has been a bitter fight. Public opinion is very strongly in our favor and I think the Company will lose a host of subscribers if an attempt is made to raise the rates without the reinstatement of the employees who struck. A boycott is also in active operation on the part of the members of the other affiliated Unions until the desired result is forthcoming.

Wages in this Company prior to May 3 were \$2.25 to \$4.25 for outside work which has been raised to \$3.25 and \$5.50.

An example has been made of the Mutual Telephone Company which has been instrumental in the raising of the wages of laboring men of this Territory in a sum in excess of half a million a year. Local Union No. 545 was organized by Brother J. W. Carraco formerly of Sacramento, and now at Mare Island Navy Yard.

Our Aloha to all the Brothers on the Mainland and please take pains to warn all men away from these Islands, for the fight is still going strong.

H. N. Tyson, President.

As you no doubt are aware we have been having about the same trouble in this city in regard to the open shop fight and the M. M. & E. proposition, as they have most all over the country.

For a time things looked pretty black here and a Building Trades strike looked almost certain.

V. P. Bro. Grasser and Bro. Rohde came into this jurisdiction and by some very able work succeeded in avoiding trouble and although we have no written agreement with our local contractors at this time we are getting the scale asked for and practically all the working conditions we demanded.

I, as business agent, had the pleasure of working with Brother Graser on this proposition in conjunction with a wage scale committee and as I said above we have no agreement it looks almost certain that we will come to some kind of an agreeable settlement in the near future.

Brother Noonan I want to assure you that this letter is entirely unsolicited, but the committee and myself feel that a vote of thanks is due both Brother Grasser and Brother Rohde for their work here and we would certainly appreciate it if Brother Grasser could come in here again in the near future and put the finishing touches on this proposition.

With best wishes I remain,  
 Fraternaly yours,

G. W. Adams,

Since my last letter things have happened thick and fast in this local.

First, on account of lack of work we have lost two of our valuable members, Bro. L. F. Magee, our able Secretary and Bro. Pearce, our Treasurer. One has departed for parts unknown and the other has returned to Cheneyville the dearest place on earth to him, for he can get all the craw fish, he wants and listen to the sweet music of the bull frogs, Brother Allen leaves soon for Atlanta, Ga to accept a position with the switchboard section of the Westinghouse Co. We hate to lose the three worthy members, but our loss will be the gain of locals in which they place their cards. Bro. Mass our president, has developed a \$10.00 boil under his right arm and is forced to walk the streets at "Right Dress."

Second, things look somewhat brighter now since work has opened up a bit. The brothers feel a little encouraged for work enough to live through a little of the future.

It seems that our Local is like the Mexican Army. "Fourteen Generals and one private." We will have an election next meeting night for several offices. If our members keep looking for greener pastures somebody will have to hold two jobs.

How can members of Labor organizations support Eugene V. Debs, a man behind prison bars who could not exercise the duties of the job if he were elected? Have heard organized men here say they would support Debs if a third party was not brought out. This seems silly to me, to say the least. Certainly the Democratic convention was enough to convince any

one that labor had more chance with it than with the Republican and a third party could do no one any good, but raise the absolute throwing away of a good vote if it is put in the proper place.

I realize that neither platform is what we want, but it seems to me we had better take the nearest one to it and let "well enough alone," also Eugene V. Debs. I'll never cast my vote for a man whom I consider not even a citizen of the U. S. My only regret is that he is not a life term, in the place of only a few years. To my mind he is in the class with Emma Goldman and I can't conceive how any man can vote for him. Brothers get off the Eugene V. Debs stuff and stand on solid ground.

Hope that by my next letter things will be much brighter for the future. In the mean time Local 689 will jog along doing it's best to keep its head above water.

Our meeting place is Electricians hall. Second street, second and fourth Thursdays, and I wish through the Worker to extend our welcome to all brothers who pass this way.

With best regards to all locals and members, I am

Yours fraternally,  
M. G. Holloman.

Having been elected Press Secretary I will endeavor to let the Brotherhood know that No. 720 is still on the map.

I regret to report Brother I. S. Phelps has handed in his resignation as Financial Secretary, having become a member of the minor supervisory forces and accepting a monthly salary. Brother Phelps worked very hard for Local 720 having taken over the financial affairs when they were in a muddled condition, he successfully straightened out the books and was mainly responsible in collecting several hundred dollars his predecessor had failed to account for. The entire membership wish him all possible success and hope he will not regret the step he has taken and not to forget to be a good union man at all times.

Brother Clarence Eastlack was elected financial secretary and I think we have made a wise choice. He is a hard worker in Local Union affairs. He is also known as a "nickel nurse," so if any of the boys are planning raids on the treasury they had better forget it, there will be nothing doing. Brother Clarence is on the job.

Local 720 voted favorable on the quarterly meeting of the system council. Brother A. E. Hart was elected delegate.

I am sorry to say Brother Alberson was struck by an automobile and has been laid up for three weeks. Brother Sontgen fell off a pole seriously injuring himself and has been in the hospital several weeks, both are progressing as well as can be expected.

The new wage rates are now in force and most of the boys received their back pay checks today. We hope the few brothers who through indifference or carelessness are letting themselves get behind in their dues will realize what organized labor is doing for them, also to forget their petty grievances and remember that "United we stand—Divided we fall."

With best wishes until next month  
Worker.

Fraternally yours,  
E. J. Morris,  
Press Secretary.

Will you please tell the boys through the "Worker" that we now have a System

Council on the Lehigh Valley R. R. and things are in fine shape. We will have a few new locals in the near future.

John R. Vignman is now President of Local No. 754, Sayre, Pa. Raymond Packer, Past President, is chairman of shop committee. Local No. 754 is growing fast. It started out with a very small membership and not almost hits the 100 mark, that's not bad for a R. R. local.

All the boys on the L. V. are up and doing business in a business like way, and we are very thankful to your office for the help and instructions you gave us. We hope to send out our next report type-written as we can now see our way clear to buy a machine.

Yours truly,

Although the railroads are being turned back to private ownership on Sept. 1, 1920, the railroad worker is not. His road is his own. He is not to be indiscriminately dealt with; neither is he to be made the victim of private privilege; his ability will be recognized and his position in life finally established. What a blessing for the Workers who are fortunate enough to be under the protecting wing of organization. What a wonderful feeling of freedom and contentment for those who are safely established. Thus, working becomes a lesser hardship when the conditions under which it is performed are made agreeable.

The recent Railroad Labor Board Decision awarding the workers an increase in wages has been accepted by the men. This award not only grants the increase in wages, but also guarantees "the continuance in full force and effect of the rules, working conditions and agreements in force under the authority of the United States Railroad Administration. "The continuance in full force" of our National Agreement insures proper treatment of all railroad workers who are covered by this agreement. This in itself means a whole lot, more in fact than a great many of us realize. An agreement between two parties must never be broken without the consent of both parties. Thus, with our National Agreement it must be upheld at any cost, and it is the duty of every worker who is covered by the Agreement to see that it is upheld, and to protect against any attempt to violate it. Only this way can they reap the true benefit of the Agreement between the railroad workers and the railroad management.

With best wishes and success to the Brotherhood, I am,

Fraternally yours,

Editor:

At the last regular meeting of Local Union No. 895 I. B. E. W. the members voted to accept the wage award handed down by the Railroad Labor Board on July 26th.

But a great many of the members feel that the linemen and operators have been unjustly dealt with in this wage increase business, because while they were, at one time among the highest paid of all electrical workers (having to work on high tension lines and handle high voltage currents) they are now getting four cents per hour less than the rest of the electrical workers are getting.

The responsibility for this unjust discrimination rests with the compliers of the "National Agreement" which was the result of President Wilson's orders to give the Railroad workers a four cent per hour increase pending his expected reduction in the high cost of living. Then he promised an additional increase later on to commensurate with the cost of living in the event the cost of living was not substantially reduced. As everybody knows—it was not reduced but went on up and the result was the Railroad Labor Board's award of July 20th.

Now all who think clearly will agree that when he decided to give that 4c per hour to the Railroad shopmen, including the electrical workers, President Wilson did not intend that the linemen and operators should not have the 4c per hour increase along with the rest of them. Obviously it was his intention that all the electrical workers should get the 4c per hour increase at that time.

Is it not clearly a case of unjust discrimination?

Why not all the linemen and operators in the I. B. E. W. see to it that the International officers of the I. B. E. W. take this matter up in the proper manner and get this 4c.

#### L. U. NO. 919, ERWIN, TENN.

Editor:

I notice that Brother L. A. Smith of No. 382, Columbia, S. C., is going to tell us something about another Co-operative store. As the Co-operative store at Erwin, Tenn., organized by employes of the C. C. & O. Ry. has been in operation three months and the stockholders have just had their first quarterly meeting, will try to tell you something about what has been done along that line here.

In our fight with old "Hi Cost" some of our men had been reading, thinking and talking about a Co-operative store for some time. So after getting some literature describing the workings of the Rochdale plan of co-operation they finally worked up interest enough to call a mass meeting of the union men to elect the officers, adopt by-laws, etc.

At this meeting a president, vice-president, Secretary, nine directors and two auditors were elected.

It was decided to run the store strictly according to the Rochdale plan under the name of Union County Consumers Co-operative League.

A good set of by-laws were adopted which says that the stock shall be \$50.00 per share and no member shall own more than six shares. Six per cent interest to be paid on all stock. It also provides that stockholders may run a credit account but no member shall be allowed to trade up more than three-fifths of the amount of his stock at any one time.

Article 3 of the by-laws says that the League shall consist primarily of white organized labor, but others may be admitted by a two-thirds majority vote of the directors. A committee from each craft was appointed to solicit subscriptions with the understanding that there must be \$30,000 subscribed before any money was to be paid in.

The payments on stock was to be one-fourth down, one-fourth in fifteen days, and the balance in 30 days. Also a fee of fifty cents per member was collected when taking subscriptions to pay for charter and any incidental expenses.

In a few weeks the amount of \$30,000 was subscribed by about 350 members and a charter granted. Then a meeting of stockholders was called to take another vote on the officers to make their election legal.

Committees of the Directors were appointed by the President to look after hiring a manager, buying goods, etc. About this time several merchants decided that they would sell their entire stock of goods at cost and also rent their store building if the Directors wanted to buy. One man said that if they started this Co-operative store there would be some "cutting and slashing" prices here and he would rather be out of it.

After some investigation the Directors decided to buy the stock of goods of one firm with the exception of some hardware. The committee appointed to hire a manager had been busy advertising and writing and had succeeded in getting a experienced man who was well recommended and has proved to be the man for the place.

On taking inventory they found that the stock of goods and fixtures including one truck, would cost something over \$32,000.

On the 16th of April they opened up for business with the same force of clerks after giving them an increase in pay. Have had to increase the force of clerks since that time to handle the business. Would say also that in taking inventory the manager found some articles such as shoes priced so high that he could cut the price from one to two dollars per pair and still make a good profit on them.

They have added a meat market to the business with an experienced meat cutter in charge, which is a great convenience to the members. At the first quarterly meeting of the stockholders the managers report showed that he had done a business of \$51,700 in three months. Also that the overhead expense, that is, freight, salaries, rent on building, up-keep of truck, telephone, water, lights, etc., was about eight per cent of the business done.

As several that promised to take stock failed to do so there was only about \$26,000 paid in and after starting the meat market and buying another truck the manager has been somewhat handicapped for money, but the Directors were able to arrange for a temporary loan from the bank to finish paying for the stock of goods as that had to be paid for in 30 days. They were able to declare a savings dividend of 10 per cent to each member on the amount purchased.

One member took three shares of stock at \$50 per share. His purchases for three months amounted to \$540.00. His dividend was \$54.00, which he used to pay for

another share. Nearly all of the members are leaving their dividend in the store to apply on another share or as a loan at 6 per cent interest.

We expect to do better in the next three months and are hoping that others may be brought from darkness to light and will use their back time checks to pay for a share and we may soon be handling a business of \$20,000 per month.

Of course there has been some price cutting and special sales put on by other stores, but we expected that would be done to cause dissatisfaction among our members.

Some have made a kick because they had to pay a few cents more for some article at the Co-operative store and some others want to sell at cost, but the Directors have tried to stick to the Rochdale plan and believe that is the best and safest way to do business.

We believe our good start is due to good management and the fact that each member pays up in full every fifteen days, and there are no bad debts and accounts carried on the books to absorb all the profits.

We are hoping that we can soon have a co-operative wholesale house to buy from and can buy goods by the car load, then there will be a greater saving to the consumer.

T. H. Peters.

As it is time for another sketch to the Press from L. U. No. 1012, I will try and interest some of the Brothers within the surrounding who enjoys reading small town stuff. Saturday has always been known here as farmers' day, until just recently when the Home Tel. Co. as they call it has began rebuilding in town and county and by the looks of their crew with the exception of one picking a grub stake, one would think it was Saturday every day. The steward has been feeding them alfalfa while he has them out in the country, so I think by the time they land in the city limits we shall be able to feed them with application.

I understand L. W. Buck is to stop this way. Here's hoping he does and gets busy before election.

Well Mr. Editor, I don't want to take up too much space, but before this goes to Press I want the Brothers to know that W. M. Martin initiated by L. U. No. 523 is not a member of the I. B. E. W. any more as he says he is part owner in the Electric Fixture & Supply Co.

You see we happen to be an agent for the Lolley 32 Volt Lighting Plant and

went bankrupt, so the owner of the Electric Supply & Fixture Co. in Ellensburg, advanced W. M. Martin the big sum of one dollar to pay his drayage, making him a part owner as he calls it. Well, birds of the feather will flock together. So Mr. Editor if you will please stop M. M. Martin's Journal of which he has been receiving, care Elect. I suppose you were aware that such a thing as L. U. No. 1073 existed, but we were not so sure of it as we have had an awful struggle for an infant local. We had our own members turn traitor, had a hard time getting up a quorum so that we might hold a legal meeting, had charges hurled at us from brother locals, Grand office was petitioned to revoke our charter, which five members held for a while. We worked hard though and built up our membership.

All of this trouble was lately cleared up by Organizer Brother Ray Cleary, who gave us a clean bill of health. This fact we shall never forget.

Local Union No. 1087 was organized hereby Brother Hall on July 29th. We have a small bunch of members but lots of business to work up. We made the first and third Thursdays our meeting nights and the K. of P. Armory the meeting place until a more suitable hall could be found. We have a by-laws committee at work now framing up a set of by-laws. Nearly all of our members carried cards out of L. U. 870 of Cumberland, Md., but as it wasn't as easy to handle our business through No. 870 as if we had a local here in our own town, we decided to have a local of our own. It was very unhandy to get to Cumberland for meetings. We have about five men to write up who have never been in the I. B. E. W. The rest of our men got travelers out of No. 870 and put them in No. 1087.

This is all the news for this time. Good luck to all local unions.

**LABOR AND CONDITIONS OF EMPLOYMENT FROM THE INTERNATIONAL ASPECT.**

(Written especially for the American Labor Press by Arrangement Between Mr. Matthew Woll, Vice President of the American Federation of Labor and the Writer.)

(By Ernest Greenwood.)

The announcement of the permanent organization and establishment of the International Labor Office of the League of Nations at Geneva, Switzerland, unfortunately closes (for the present at least) one of the most interesting and important chapters in the history of American organized labor. For it will be remembered that it was the convention of the American Federation of Labor in 1914 which passed a resolution containing the first concrete suggestion of providing definite international government machinery for the improvement of working conditions. In 1916 European labor adopted the American proposal and appointed British, French, Italian and Belgian delegates as a committee to prepare a program for an international labor conference to be held at Leeds, England, the following July.

At the Leeds conference a resolution was passed which virtually demanded that any peace treaty terminating the war should contain a minimum of coalition, emigration, social insurance, hours of labor, hygiene and protection of labor. In August 1918 Mr. Samuel Gompers undertook the leadership of a delegation to the countries of the Allied and Associated Powers and effectively advocated the program which the Federation had been urging since 1914 for an international labor conference in connection with the peace conference.

At the second plenary session of the Peace Conference on January 25th, 1919, a resolution was passed providing for a commission "to inquire into the conditions of employment from the international aspect and to consider the international means necessary to secure common action on matters affecting conditions of employment, and to recommend the form of a permanent agency to continue such inquiry and consideration in cooperation with and under the direction of the League of Nations."

Representatives of the United States, the British Empire, France, Italy, Japan, Belgium, Cuba, Poland and the Czechoslovak Republic were appointed on this commission. Mr. Gompers was appointed President, the Vice-Presidents being the Right Honorable G. N. Barnes, M. P. of England and Mr. Colliard of France. Mr. Arthur Fontaine, Director General

of French Railways was appointed General Secretary and Mr. Harold B. Butler of England, Assistant General Secretary. This commission held thirty-five meetings and drew up its conclusions in two parts. The first part contained the provisions for the permanent international labor organization. This organization itself is divided into two parts, (1) the International Labor Conference and (2) the International Labor Office controlled by a Governing Body.

The first meeting of this International Labor Conference was held in Washington, October and November 1919. There were present 123 delegates representing 40 nations. Of these 73 were government delegates, 25 were representatives of employers and 25 were representatives of workers. This Conference adopted draft conventions (1) limiting the hours of work in industrial undertakings to eight in the day and forty-eight in the week, (2) concerning unemployment, (3) concerning the employment of women, (4) fixing the minimum age for the admission of children to industrial employment and (5) concerning the night work of young persons employed in industry. It also adopted recommendations (1) concerning unemployment, (2) concerning reciprocity of treatment of foreign workers, (3) concerning the prevention of anthrax, (4) concerning the protection of women and children against lead poisoning, (5) concerning the establishment of government health services and (6) concerning the application of the Berne convention of 1906 on the prohibition of the use of white phosphorous in the manufacture of matches.

It will thus be seen that although the First International Labor Conference of Governments for the improvement of conditions of employment had to deal with innumerable perplexing problems of organization, it accomplished a seemingly impossible amount of constructive work.

Shortly after the Washington Conference the International Labor Office, which is the second part of the international labor organization, opened temporary headquarters at 7 Curzon Street, London, England, under the control of a Governing Body of twenty-four members, twelve of whom represented the governments, six represented employers and six represented workers. Since that time a second International Conference has been held at Genoa for the purpose of applying the draft conventions and recommendations adopted by the Washington Conference to maritime pursuits. The International Labor Office now is established in its own building at Geneva, Switzerland, has effected its permanent organization and adopted a very comprehensive program of study and investigation leading to international legislation which will provide remedies for the industrial evils

and injustices which have marred the state of society in the past.

The second part of the commission's conclusions is in the form of clauses containing declarations of principle in regard to a number of matters which are of vital importance to the labor world. These general principles are briefly (1) that labor should not be regarded as a commodity, (2) the right of association, (3) the payment of adequate wages, (4) the eight hour day and the forty-eight hour week, (5) a weekly rest day of at least twenty-four hours, (6) abolition of child labor, (7) equal pay for equal work irrespective of sex, (8) labor legislation having due regard to the equitable economic treatment of all workers and (9) an adequate system of inspection.

But the chapter is closed for the present in so far as organized labor of America is concerned. The refusal of the Senate to ratify the Treaty of Peace and the Covenant of the League of Nations under any terms prevents the United States from membership or official participation in the international labor organization.

It has been said that the international labor organization has nothing to offer American labor for the reason that American conditions of employment and American labor laws are of the highest standard in the world. This is not true. Even though conditions of employment may be better than those of any other country in the world, this does not mean that still further improvement is not desirable. Any improvements in the conditions in other countries must be beneficial to both American labor and American industry. An example of the benefits accruing to the American workman is the reduction of emigration of foreign workers due to a lessening of the differences between the opportunities in their own country and their opportunities in America. A good example of the benefits occurring to American industry is the reduction of competition with foreign goods manufactured in countries where wages are unusually low. It should also be remembered that the failure of any nation to adopt humane conditions of labor is an obstacle in the way of other nations which desire to improve the conditions in their own countries. This principle is set forth in Part XIII, which is the Labor Section of the Peace Treaty. The International Labor Office has a great deal to offer that is beneficial both to American Labor and American industry, the nature of which will be discussed in future articles.

## LABOR WINS BIG VICTORIES IN PRIMARY ELECTIONS.

Labor already has scored enough victories at the polls to mark the great non-partisan political campaign as a success.

Reports of notable achievements reach non-partisan campaign headquarters daily.

Prominent in the reports are the accounts of two withdrawals from congressional races. In both of these cases congressmen unfavorable to labor withdrew from the race rather than face intense labor opposition in the present campaign.

Labor campaign managers point to the recent Ohio republican primaries in which an unfavorable candidate for governor was defeated through the opposition of labor and a strong pro-labor candidate nominated.

The campaign committee has made public no list of congressional districts in which there have been successes, but it is announced that the list is long and is growing longer each day.

It is pointed out that Senator Gronna has been defeated, that Senators Underwood and Cummins slipped in by majorities so below normal that a moral, if not an actual, victory has been scored for labor in both cases, and that Scott Ferris, Oklahoma, has been nominated for United States senator with labor support over Senator Gore.

Labor's strength in the primaries has been shown to a surprising degree in Texas, Tennessee, Wisconsin, West Virginia, Ohio, Pennsylvania, Colorado, Oklahoma, North Carolina, North Dakota, Iowa, and Alabama.

In Kansas Governor Allen's candidacy in the primaries was vigorously contested by the workers, who are perfecting their non-partisan organization and are preparing to make effective their protest against peonage legislation at the November elections.

Reports of organizing work continue to show a rapidly growing interest in the campaign and the demand for literature exceeds the ability to supply it.

Congressional district conferences have been held throughout the country, as well as conferences of state federation executive councils and from these there are coming uniformly encouraging reports.

Those in charge of campaign organization work declare that the amount of practical campaign organization work being done everywhere is beyond all expectations and exceeds that of any other effort in which American labor has indulged.

Success in the primaries has inspired the workers to enter the general elections' campaign with renewed vigor. In a large number of localities organizations

for every voting precinct are being perfected to secure a 100 per cent registration that labor's full voting strength may be polled in November.

The general demand for "register" cards, issued by the national non-partisan committee, shows the workers' interest in this feature of the campaign.

### COURT GOES TWO WAYS.

The United States Supreme Court has refused the government's request to reopen the steel trust case, which was based on a violation of the anti-trust law, and was decided March 1 last in favor of the trust.

In asking that this decision be reviewed the government practically charges the court with contradicting itself on April 26 in the so-called Reading coal case, which was decided against mine companies and railroads.

The government told the court that its steel trust opinion "apparently concedes" that this trust violates the anti-trust law and that this criminal combination is permitted to continue because, the court holds, mere size is not a violation of the law; that a dissolution of the trust would be an inquiry to the public interest and that the "existence of unexercised power" is not an offense.

In the Reading coal case the court took an opposite view and declared: "That such a power, so obtained, regardless of the use made of it constitutes a menace to and undue restraint upon interstate commerce within the meaning of the anti-trust act, has been frequently upheld by this court."

In the Reading case the court dissolved a holding company which controlled the stock of certain railroads and mine companies. This holding company was not a producing concern, but controlled the companies. It manipulated the market, directed shipments of coal and stifled normal importation. Its power was used to stop the building of a railroad and might eventually develop into a competitor.

The government compared this holding company with the steel trust, which is likewise a holding company and does not produce steel itself but is a combination of units known as the Carnegie group, the Morgan group, the Moore and Reed group, and the Gates and Gary group.

In refusing to reopen the steel trust case the Supreme Court gave no reason and made no comment on the unusually plain language contained in the government's brief.—Ex.

### WHO IS RESPONSIBLE?

#### Spirit of Radical Doctrines Encouraged by Attitude of Many Employers?

In the metropolitan papers of the day a great deal of space is being devoted to editorials and expressions of opinion by the public on the activities of the rule or ruin radicalism which is rampant. Naturally, all of these contributors to the press feel that the opinions which they hold are correct, and many editorial writers picture a complete bolshevik rule in America, such as is purported to have been established in Russia.

At no time however, in as far as we have observed, have the employers been warned of the part they are playing in this tragic struggle for the supremacy of radicalism in the greatest country in the entire world, and this a phase of the question which we feel should be considered and considered very carefully.

An editorial on this subject appeared recently in the Chicago Tribune and sums up the situation very ably from the viewpoint in which it is approached. It reads:

"Karl Radek, the Russian bolshevik leader, is especially interested in propaganda in the United States, which he says has 'the most violent government now existing, and must therefore be overthrown by violence.'

"With Comrade Radek and his collaborators in Russia, American radicals of the Communist and I. W. W. varieties are cordially working. They are 'boring from within' in the organized labor movement and attacking from without in various guises. Every conference of the great federations and brotherhoods is a battleground these days of radical and conservative, and the conflict is as violent as it once was between organized labor and capital.

"The radical labor tactics are clearly explained by the Russian. 'In the United States,' he says, 'they (the radical leaders) are furthering strikes which they declare have no purpose other than to make the burden of life under a democratic form of government impossible.'

"It is easy to follow in the American labor movement today the two currents, one keeping its feet planted on trade union principles, using the strike for concrete purposes to obtain wage increases or better conditions of work, respecting bargains as essential of the system of collective bargaining, taking a citizen's part in community life, ready to defend our democratic institutions, believing in progress through evolution; the other party forever agitating for the sake of agitation, or rather, as Radek says, 'to make the burden of life under a democratic government impossible.'

"That, in fact, is the object of the radical tactics in this country as elsewhere, to make life intolerable, to prevent our institutions from working, to keep labor and capital at each other's throat, to paralyze production and transportation, to bring chaos in order that the radicals may build out of the ruins of present society the utopia which their egotism assures them they will be able to create. Sympathetic strikes, outlaw strikes, sabotage, the breaking of contracts, and, if expedient, the breaking of laws, are the fighting tactics intended to destroy trade, unionism, private industry and democratic institutions by making life as it is now organized intolerable.

"This is not a fight between the employer and employe, or even between labor and capital. It is a fight between those who believe in democratic society with its foundations of individual liberty, private property, private initiative and progress through evolution, and those who in Russia have set up an extreme form of collective despotism which has wiped out individual liberty, destroyed property, reduced the productive functions of the people to a minimum by penalizing private initiative, and wasted lives as ruthlessly as the worst of the tyrants whom democracy overthrew.

"The radicals in America deny these facts and try to cover their tactics with a gauze of altruism. What they are after, according to themselves, is a better society. What they are after, though most of them will not see it, is what Russia is getting.

"If the American wage earner wants what the Russians are getting under Russian communism, they may consistently follow the lead of the communist-bolshevist radicals in America. But if they are not ready to march into that morass they will fight radicalism in the labor movement until it is out root and branch.

"What is needed is knowledge of the facts. The American wage earner, with the highest pay, the best conditions, the best prospects of prosperity and progress of any wage earner in the world, may be fool enough to throw these all away in exchange for dreams which have been realized in the slaughter and devastation of triumphant red radicalism in Russia. We do not think he is, but it is time for him to make up his mind. Radical tactics in this country are costing the nation, including the wage earning class, a heavy and growing price."

We fail to find a single word of warning to the employers in regard to their responsibilities but only to the wage earners, who are thus indirectly but none the less surely being held responsible for the spread of un-American doctrines.

The article admits that the battle is

primarily being waged against our democratic form of government, but fails to point out that the American labor movement as founded and maintained is absolutely democratic from start to finish. It has been fully demonstrated that we stand ready to defend our flag and our country, and all that the wage earner asks today is the right to live, the right to have a voice in fixing wages through the collective bargaining plan, and the right to participate not alone in the actual necessities of existence but also in the higher privileges affording opportunities for education and advancement that has been assured to every individual in this broad land teeming with wealth and possibilities.

Is it possible that any think the wage earners will be content to lower their standard of living, will be satisfied with less because their wages will not meet the increased prices on everything they have to buy?

Is it reasonable to expect the wage earner to pay more and still more for every item of expenditure and still to refrain from demanding a higher wage?

Is it fair to so quickly and willingly accuse labor of curtailed production when in reality the control of raw materials and the control of every product used lies in the hands of capital, who have the means to stop production at any time and for any purpose they may choose, and in this manner to control the market and keep the prices up?

We do not hesitate to predict that the wage earners of America will resist any attempts to lower their standards of living, they will resent, and rightfully so, any move to take from them the power of choosing and determining the conditions under which they are employed, whether the effort to do so is a part of the foreign radical propaganda or the work of those within our own borders who would be glad to see organized labor shorn of every vestige of power and an easy prey to the unscrupulous employer.

In view of the danger confronting our government as predicted by many, why are not the employers exhorted to stand ready through their organizations to meet with committees representing American trade union organizations and to cooperate for the adjustment of any differences that may arise?

Instead too frequently is exhibited on the part of the employers the un-American trait of abrogating to themselves those privileges which labor justly believes should be shared. Hence we hear the so-called "American shop" plan advocated, which is nothing more or less than slamming the door in the face of organized labor.

Why, may we venture to inquire, do the associated retailers take the unfair

stand that they will sign no agreement with their employes or enter into any negotiations with a bona fide trade union representing the best elements of American citizenship?

In the stand they assume they virtually say to the wage earners, "While we have a union of our own, yet you may not exercise the same right, or if you do we will not recognize your organization, at the same time forcing upon you the terms which our union may desire."

If that is the position that the employers are going to maintain then they should not wonder at the spread of radicalism throughout the country, for their very attitude would prove one of the most influential factors in breeding discontent and rebellion in the hearts of

those who otherwise would not heed the doctrines that radicals are preaching and whose leaders know full well that just such conditions provide fertile soil for their propaganda.

The wage earners have given both brain and brawn in the service of their country and are one hundred per cent. American in every manner which the term implies. The foes who would batter down the bulwarks of freedom that have been established are from without, and may best be resisted through intelligent cooperation on the part of employers and employes, each respecting the rights and privileges of the other and dealing with the problems of our industrial life in a manner calculated to inspire confidence and respect.
